Revocation of Power of Attorney

Dear Sir / Madam:

There have recently been communications problems with my patent attorney of record, Mr Richard Harris. He is more or less retired, and travels extensively to visit with members of his family.

After discussing the issues involved, we have agreed it would be better for me to take over responsibility for this case which is now, I understand, close to being ready for issue.

Accordingly, I have revoked Mr Harris' power of attorney (see enclosed copy letter).

Please in future address all correspondence regarding this application to me directly.

Do not hesitate to telephone if there are any questions.

Sincerely,

Mitja Hinderks.

Applicant.

Revocation of Power of Attorney

Dear Richard:

As you know, the above case would seem to be close to issue, and the remaining work consists largely of bureaucratic matters such as editing / correcting the text, filling amended drawings and sending large boxes of paper to the Patent Office.. Since all the examination issues have been resolved, I feel it would be more practical and cost effective if I did this remaining boring stuff.

Accordingly, I herewith revoke your power of attorney to act on my behalf on matters relating to the above US patent application. I have written to the Patent office, asking them to in future address all correspondence to me at the above address, as per enclosed copy.

Thank you for all your valuable help on this case, over many years!

Best regards,

Mitja Hinderks.
